### Coach's Name/Comments:

The girls did a great job of putting pressure on the defense finding ways to get on base. Combining for 15 hits and putting runs on the scoreboard all but 1 inning leaving 9 runners on base for the night. It was a back and forth game and we made some mistakes but they rallied back and kept fighting until the end. Some of those mistake are frustrating to have happening this time of the year, but there were lots of learning opportunities during the game that they young ladies will hopefully take with them.

**Record:**8-9
