Coach's Name/Comments:

Our season came to end sooner than anyone was ready for. We had our opportunities to score runners but couldn't get them across the plate tonight. Not stringing the hits together when we needed them. Not making some routine plays defensively when runners were in scoring position didn't help our cause tonight either.

It was a year that no one knew what to expect and the girls had their good games and their bad games, but there was a lot of growth throughout the season and a lot they should be proud of. I look forward to how much these players will grow from this season to next and am proud of these girls and what they bring to our program!
