### Coach's Name/Comments:

We had some solid hits but just didn't string them together to get the runs we needed. We need to be more aggressive on the field not waiting for someone else to make a play that we can make and giving teams extra outs. Make adjustments when things aren't going our way and rise above it to finish the game.

We got out hustled tonight. They were aggressive on the bases and hustled after each and every ball that was hit. Taking away some key scoring opportunities.

I am looking for these players to play a solid 7 inning ball game the way that I know they can! Nobody can go out and do it for them! When they step across those lines they need to leave it all on the field and know that they couldn't have done anything more for the team.
